Have fun with music and meet interesting people while learning the guitar in this relaxed atmosphere. The instructor plans class content based on the interests of the students, making each class new and different. You will learn the basics to the advanced, depending on your level and interest - including simple chords, finger picking, use of the pick, strumming patterns, blues, and guitar tab - all while learning and singing songs. This class accomodates beginner to intermediate students. Continuing students are welcome. (Please no 12 string or electric guitars)
